PROFILE INFO

A dynamic and adaptable professional with a background in Arts and a strong passion for technology. While pursuing my degree, I proactively learned and honed my skills in HTML, CSS, and JavaScript, demonstrating a keen ability to bridge creativity with technical expertise. With strong communication skills and a problem-solving mindset, I am actively seeking an Operations role where I can leverage my coding knowledge and analytical thinking to drive efficiency and innovation. Eager to contribute to a forward-thinking organization that values versatility and continuous learning.
